# **INTRODUCTION**

---

MiYi Architecture Limited is a professional architectural design and build firm, incorporated in Nigeria in 2018. We specialize in 'function-focused' architecture, strategic master planning, sustainable and energy efficient designs.

We are guided by the integration of ideas built on critical investigations and analysis, employing indigenous, contemporary and sustainable innovative tech solution.

As human infrastructural and built environment demands continue to evolve, MiYi Architecture aims to foster a design strategy which will be future-aware while conforming to the immediate and wider context, mitigating impact on the environment and promoting sustainability.

## **OUR CORE VALUES**

---

**Creativity - Integrity - Collaboration - Design Eminence and Environmental Stewardship**

# VISION

Our Vision is to create and facilitate the creation of architecture which improves the life of its users, contribute to place making and positively impact the built environment.

Not Completed

# OUR MISSION

Our mission is collaboratively deliver memorable architecture and creative design solutions which solves our clients' social, economical and environmental need.

We aim to provide sustainable and low-energy solutions to foster the health and wellbeing of the end user.

## MI+YI = ME & YOU = EXPERIENCE

We collaborate with our clients to create immersive solutions to their specific want and needs.

Information drives the processes of our craft to mold spaces which creates life time experience for all its users.

We keep an open mind while curiously exploring our project context to create indelible memories.
